

A Notable Young Woman.

Miss EMMA WELLER, who is Secretary of the Young People's Christian Association, at 1818 Madison Ave., New York City.

Your "Favorite Prescription" is a boon to sick and tired women, for it cures them when other medicines fail. I know whereof I speak, for I have had experience with it. For fourteen months I had constant headaches; seemed too weak to perform my daily duties, and when the day was over I was too tired to sleep well. I suffered from nervousness and indigestion, and everything I ate distressed me. Doctored with different physicians but received no relief. After reading one of your books I decided to give your "Favorite Prescription" a trial. Am very glad I did, for I found it was just what I wanted. I commenced to improve at once and kept getting better until, after seven weeks, I was entirely cured. I have remained in perfect

health ever since, and remain a firm friend of your "Favorite Prescription."

Yours very truly,
Miss EMMA WELLER.
(From letter to Dr. Pierce.)

The woman who suffers from weakness and disease of the distinctly feminine organs, whether she realizes it or not, is being slowly but surely tortured to death. She suffers almost continually with sick headache. She has pains in the back, what she calls "stitches" in the side and shooting pains everywhere. She experiences burning and dragging down sensations. She becomes weak, nervous and despondent. If she consults the average physician, there is not one chance in ten that he will hit upon the real cause of her trouble. He will attribute her bad feelings to stomach, liver, heart or nervous trouble. A woman in this condition should consult some eminent and skillful specialist who has had a wide experience. Dr. R. V. Pierce, for thirty years chief consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., has, with the assistance of a staff of able physicians, prescribed for many thousands of women. He used most frequently a wonderful medicine for ailing women, which he afterward put up in ready-to-use form and called it Dr. Pierce's Favorite Prescription. It has stood the test for thirty years. It acts directly on the delicate and important organs concerned in wifehood and motherhood, making them strong and well. It allays inflammation, heals ulceration, soothes pain and tones and builds up the nerves. It transforms weak, nervous women into healthy, happy wives and mothers.

"I was an invalid for over a year with change of life," writes Mrs. C. Smith, of Orr, Cascade Co., Mont. "Had pains across the pit of my stomach and such extreme weakness I could hardly walk. I took one bottle of Dr. Pierce's Golden Medical Discovery and five of his 'Favorite Prescription' and am entirely well."

A million of suffering women cry with uplifted hands for some relief from the pains and tortures of diseases peculiar to their sex. A million more

suffer in silence rather than subject themselves to the abhorrent and humiliating examinations and local treatment so uniformly insisted upon by physicians.

"Female weakness" can be cured—surely, speedily—without exposure, with slight expense—without leaving your own home. Dr. Pierce's Favorite Prescription will cure any disorder of disease of the organs distinctly feminine. Perhaps its greatest usefulness is in preparing women for the ordeal of child-birth. Taken during the expectant period it practically eliminates pain and danger at the time of parturition.

Write Dr. Pierce for advice and you will receive an immediate answer and without cost to you. All correspondence strictly confidential.

We also advise all women who suffer great pain at each recurring period to take a good vegetable laxative, such as Dr. Pierce's Pleasant Pellets, just previous to this time, as constipation is usually an aggravating feature of the trouble.

Don't allow the druggist to sell you something "just as good," because it's cheaper. The cheap kind has not the thousands of cures to its credit that Dr. Pierce's medicine has.

Miss CARRIE SPRECHER, of Mount Morris, Ill., writes Doctor R. V. Pierce as follows:

"I was back in my old home when your letter came. I will try and explain regarding the good I received from your medicines. For over one year I suffered from what my physician pronounced womb trouble. Had doctored with doctors in the east and also in the west but found only temporary relief. The next time of my sickness I found myself no better, and in that way it kept going on from time to time until I became discouraged. I finally resolved to write you for advice. I purchased two bottles of Dr. Pierce's Favorite Prescription, two vials of his 'Pleasant Pellets,' and by using only that small quantity I have found wonderful relief. I say to all who are suffering from troubles similar to mine that it is unnecessary to be sick when one can use Dr. Pierce's remedies."

How to preserve health and beauty are told in Dr. Pierce's Common Sense Medical Adviser. It is free. For a paper-covered copy, send 21 one-cent stamps. TO COVER MAILING ONLY; cloth binding, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

THE HOME.

Of The South Kentucky Summer Bible School.

You step from the L. & N. train into the centre of the city, and it does not matter which way you go, you are in the midst of a hospitable people, and should you turn toward

[ROGER L. CLARK.]

Main street you will soon pass the Methodist church, the Presbyterian church, and diagonally across the street is the historic Christian church, wide awake and progressive in all good works. It is famous, not only because of its line of illustrious preachers, but also from the fact that it was the first of all our churches to send forth a foreign missionary. Still going down the street you come to the business section of the city, where you will find all that you need and everything that you could reasonably ask. The city is supplied with every modern convenience. At the end of this street is the I. C. depot. Now turn and stroll backward. Soon you are ascending on a gradual, almost imperceptible slope, past the depot where you alighted, into a residence district, up, up above the houses, up above the steeples of the churches, until you are before the crowning glory of this beautiful city, South Kentucky College. This is the home of the Summer Bible School.

The main building is imposing. It commands the finest view of all the country round. The campus, with its inviting seats and noble trees, offers all the advantages of the country—quiet, rest and shade. Everywhere around you are fanned by cool, refreshing breezes, even on the hottest day. Instead of the stuffy summer resort, where you expend the maximum of money, time and comfort for the scarcely perceptible minimum of pleasure, we offer you this home for rest, and health, and study, and enjoyment. The place is almost absolutely healthy; for fifty years no serious sickness has originated on these grounds. The fellowship is Christian, cordial, hearty—what more need we say? The place, the people spell home, hospitality, happiness, all of which is emphasized and demonstrated in the Summer Bible School. ROGER L. CLARK.

SAD CASE.

A Father Driven Insane By Drowning of His Sons.

A Henderson paper of Saturday contained the following: "Chief Elijah Henry left yesterday for Hopkinsville in charge of Charles Mc-Ahan, who was adjudged of unsound mind in yesterday's court."

Behind this simple announcement is a tragic and pathetic story. Mr. Mc-Ahan saw his three little sons, in the best of health, leaves their homes in Henderson last June for an outing in a grove not far distant. Mc-Ahan was sitting in his yard when a messenger conveyed the news of the little sons having been drowned.

When the bodies were found they were tightly clasped in each others arms. The father watched the rescue of the bodies until the terrible shock had done its work. He fell as if in death. He was lifted from the ground and in the merciful state of unconsciousness was conveyed to his home.

After many hours consciousness returned and with it the smile which first enlightened his face at sight of his dead children. At the triple funeral people turned sadly away as they caught a glimpse of the pale agonized features of Mr. Mc-Ahan. The first paroxysm of grief had shaken the foundation of reason and though his mind, tottering under the awful strain, did not at once become a wreck, it was not far distant. The crisis came a week ago, when the unfortunate men's insanity assumed a violent nature. He was in a store in Henderson when, without warning, he drew a revolver and fired promiscuously at imaginary objects. It was necessary that he be taken in charge by the authorities. An inquest into his mental condition resulted in his being sent to the asylum. The case, because of its especially sad features, has attracted general attention.

MONTHLY CROP REPORT.

Acreage, Condition, Etc., June 1, Bulletin of Com. I. B. Nall.

The protracted dry, cool spell, lasting throughout the greater part of May, was very injurious to wheat and retarded preparation of corn land. This was broken at the end of the month by rains so heavy and continuous for a week that much damage was done by washing and overflow.

Indications pointed to an increased breadth of corn planting, but the ground was so hard that farmers could not turn it and so they got behind and the planting will fall short. Correspondents place the acreage at 94 per cent. of that of last year. The lateness of the season and bad preparation of the land reduces the condition to 78, not very encouraging for a full crop, even with favorable season from this time on to fall.

The early spring gave promise of one of the heaviest wheat crops Kentucky has ever produced, but the unfavorable May weather has cut this down until it is conceded now that the crop will fall below the average. Some has been abandoned and the acreage falls to 94, while the condition falls to 82. The falling off occurs mostly in the first crop division, where prospects were the best in early spring.

The same conditions affected the oat, barley and rye crops. The intended acreage of the former was cut short by inability to sow and the dry, cool weather reduced condition in the latter.

The hemp crop suffered also and condition is reduced to 84.

Tobacco acreage is placed at 91 only—the reduction due to the fact that the ground could not be made ready before the rains and afterwards it is getting so late that it will not be possible to set the expected acreage. Plants have generally been in abundant supply and the rains beginning the last week in May and continuing several days gave opportunity to set all the ground which had been prepared for the crop. The condition is rather unfavorable, though—85 representing this feature.

Meadows, clover and pastures suffered a back-set in May and conditions were below that given the first of the month. Stock peas and potatoes were both injured by unfavorable weather. Gardens generally did not thrive as they should during May and are late or lower in condition than a month ago.

Live stock fared very well, with very little complaint of diseases. Numbers of horses, mules, cattle, sheep and hogs, while below the usual, are growing and condition favorable.

The year has not been good for fruit, and the apple crop will be only about a half one, while peaches are almost an entire failure. In a few sections only will even a very small crop be found and these mostly of the seedling variety.

PADUCAH GIRL GETS RECORD

Typewriter Puts 16,800 Words on Paper in Five Hours, Which Breaks the Record.

Mattie Van Pelt, stenographer in a Paducah law office has broken the world's record on a typewriter. She has just written 16,800 words from shorthand notes in five hours.

The world's record heretofore was held by Miss Mary E. Pretty a stenographer at the Capitol in Washington, who wrote 17,000 words in six hours. In speaking of the feat Miss Van Pelt said she was not writing against the record, and did not know what she had done until she counted the words. She said also that Miss Pretty made her record by copying from manuscript, which was much easier and faster than copying from shorthand notes.

THE Sebree Springs Hotel

Is now open and those wishing to spend a pleasant week cannot do better than go to Sebree. Good water, Good music, Good fare, Reasonable rates. Nice box ball alley on grounds to amuse you and exercise the muscles.

G. L. DIAL,
Proprietor, Sebree, Kentucky.

Cerulean Springs.

Open to the Public
After June 1st.

Bath Rooms and All
Conveniences.
